AEF NEPAL BRINGS HOPE, REFRESHMENT AND LEARNING

Recently, a team visited the South Sindhuli mission fields in Nepal. The visit included an important community-service component as part of AEFN's responsibilities as a locally registered NGO. We are grateful for God's mercy, protection, and provision throughout the visit. During the visit, AEFN conducted two community service activities, with local government representatives, including the village Chairman who was invited to participate.

Provided drinking water pipes for school children. Dedication of drinking water with the village chairman and the school principal in Khalanga village.

At one local school, AEFN provided clean drinking water. In another village outreach, food and nutrition awareness were provided, with meals prepared for poor children and villagers. We thank God that, although the funds available were limited, enough was raised to provide food and serve those in need.

LOVE THAT CROSSES EVERY BOUNDARY

In the Christian faith, we speak often about God's love. We sing about it, preach about it, teach it to our children and remind one another that God is love. Yet 1 John reminds us that God's love is never merely an idea. **The love we have received from God becomes the love we extend to others**. "We love because he first loved us." - 1 John 4:19

That simple statement provides a wonderful lens through which to view the ministry taking place across Asia through AEFI and its national partners.

From the villages of Nepal to the communities of Cambodia, the Gospel is being expressed not only through words, but through **compassion, service, education, medical care, discipleship and practical acts of love.** John writes: "Let us not love with words or speech but with actions and in truth." - 1 John 3:18

> **"Prayer crosses borders. Generosity crosses borders. And the love of Christ reaches places we may never personally see."**

That is why development and community service are not separate from Christian mission when they flow from a genuine desire to love people in Christ's name. Most of us will never personally travel to South Sindhuli. We may never stand in a Cambodian village, visit a Children's Centre in Siem Reap or accompany a surgical team into a remote province. Yet our participation in God's mission is not limited by geography. Prayer crosses borders. Generosity crosses borders. And faithful partnership allows the love of Christ to reach places we may never personally see. When we pray for a missionary, support a national worker, contribute toward a children's ministry or help provide resources for a medical outreach, we become partners in what God is doing.

This is also why the question of our legacy matters. **"How might God use what I leave to continue His work in Asia?"**

The appeal to consider including AEFI in a will is not simply a financial appeal. It is an invitation to consider what our lives can continue to accomplish after we are gone. The eternal impact of people reached with the Gospel, children taught about Christ, national leaders equipped for ministry and communities served in Jesus' name can continue for generations. For those who prayerfully consider including AEFI in their will, the process should begin with prayer and careful conversation with family and appropriate legal advisers. Loved ones should be properly provided for, and independent legal advice should always be obtained.

John takes us even deeper: "God is love. Whoever lives in love lives in God, and God in them."
— 1 John 4:16

We love because God has already loved us. That is the heart of Christian mission. And across Asia, that love is still reaching people. May God continue to use AEFI and its partners to make the love of Christ visible, tangible and transformative across Asia.

In Him,
Pastor Matt Hall

Asia Evangelistic Fellowship International is an indigenous international mission founded in 1960 by the late Dr. G. D. James. AEFI identifies, trains, and commissions national workers to carry out pioneer mission work in their own Asian countries. These national workers are organised, supervised and supported by national boards setup in each country under the pastoral care of the AEF International Office.

Clean Water, New Hope

These activities may appear simple. A container of clean water. A meal for a hungry child. An opportunity to talk with families about nutrition. These may seem like small acts, but they provide valuable opportunities to demonstrate Christ's love through practical service and to build relationships within the local communities.

Building Lives Through Literacy

Literacy work also continues to be an important part of the ministry in the mission fields. Through literacy activities, AEFN seeks to help children and adults develop basic reading and writing skills, while building relationships with families and communities. These programs provide a practical way to serve people and create opportunities for the Gospel to be shared. Please pray for the teachers and workers involved and for those who participate in the literacy programs.

Thank you for standing with AEFN through your prayers. Please continue to pray for the missionaries and workers serving in the South Sindhuli fields, that God will use these community ministries to open doors for the Gospel and bring lasting spiritual fruit.

AEF KAMPUCHEA
MINISTRY UPDATE CAMBODIA

We are grateful for the continued work of the AEF Kampuchea under the leadership of Dr. Felipe Castro, Jr. God continues to open doors for the ministry through education, children's outreach, church planting, missionary support, and practical medical services.

We invite you to celebrate these blessings with us and to continue praying for the people, churches, missionaries, and ministries that KEF serves.

A New Children's Centre in Kampung Phluk

On May 2, a new Children's Centre was opened in Kampung Phluk Commune, Siem Reap. This is an exciting opportunity to reach children and families in the community and to provide a place where children can receive care, encouragement, and Christian teaching.

Encouragement for the Mission Work

Dr Felipe Castro and Pastor Rith recently travelled to meet with one of our field workers serving in a neighbouring region.

LOOKING AHEAD PLEASE PRAY

The coming months are filled with opportunities for ministry, outreach, and service. We ask our supporters to pray specifically for the following:

DVBS Village Outreach — September

Beginning in the second week of September, Daily Vacation Bible School (DVBS) will be conducted in various village outreaches. These programs provide a wonderful opportunity to reach children who may have little or no exposure to the Gospel.

Surgical Missions — Ratanakiri & Kratie

From November 2–7, a surgical team will serve alongside Pastor Reli Tsukru's ministry in Ratanakiri Province, providing medical and surgical care.
From November 9–14, the team will travel to Kratie Province to work with local churches.
These missions combine compassionate medical care with Gospel ministry, creating opportunities to serve communities and share Christ.

Thank you for standing with AEF Kampuchea in prayer and partnership.
